VOL.
XLVI

Once upon a time
 in the land of hushabye
Round about the wondrous days of yore,
They came across a sort of box
 bound up with chains and locked with locks
and labeled:
 "KINDLY DO NOT TOUCH
 . . . IT'S WAR!"

A decree was issued round about
All with a flourish and a shout
And a gaily colored mascot tripping lightly on before,
. . . Don't fiddle with this deadly box
. . . Or break the chains or pick the locks
. . . . And PLEASE don't ever play about with war.

Well, the children understood,
 Children happen to be good,
And were just as good round the time of yore;
They didn't try to pick the locks
 Or break into the deadly box
And never tried to play about with war.

Mommies didn't either
Sisters aunts nor grannies neither
Cause they were quiet
 . . . and sweet
 . . . and pretty
 In those wondrous days of yore;
Well, very much the same as now
 And not the ones to blame somehow
For opening up that deadly box of war.

BUT someone did
Someone battered in the lid
And spilled the insides out across the floor!
A sort of bouncy bumpy ball
Made up of flags and guns
 And all the tears . . . and horror
And the Death that goes with war.

It bounced right out and went bashing all about
And bumping into everything in store.
And what was sad and most unfair
Was that it didn't really seem to care
 Much who it bumped
 . . . or why
 . . . or what
 . . . or for.

It bumped the children mainly,
And I'll tell you this quite plainly,
 It bumps them every day
 And more and more and leaves them dead
 . . . and burned
 . . . and Dying
Thousands of them sick and crying
Cause when it bumps
 It's very Very sore.

There is a way to stop the ball
It isn't very hard at all
All it takes is wisdom;
And I'm absolutely sure we could get it back into the box
 . . . and bind the chains
 . . . and lock the locks
But no one seems to want to save the children anymore.

Well, that's the way it all appears
Cause it's been bouncing round for years and years
And in spite of all the wisdom whizzed
 Since those wondrous days of yore
And the time they came across the box
 Bound up with chains
 . . . and locked with locks
And labeled:
 "KINDLY DO NOT TOUCH . . .

IT'S WAR!"

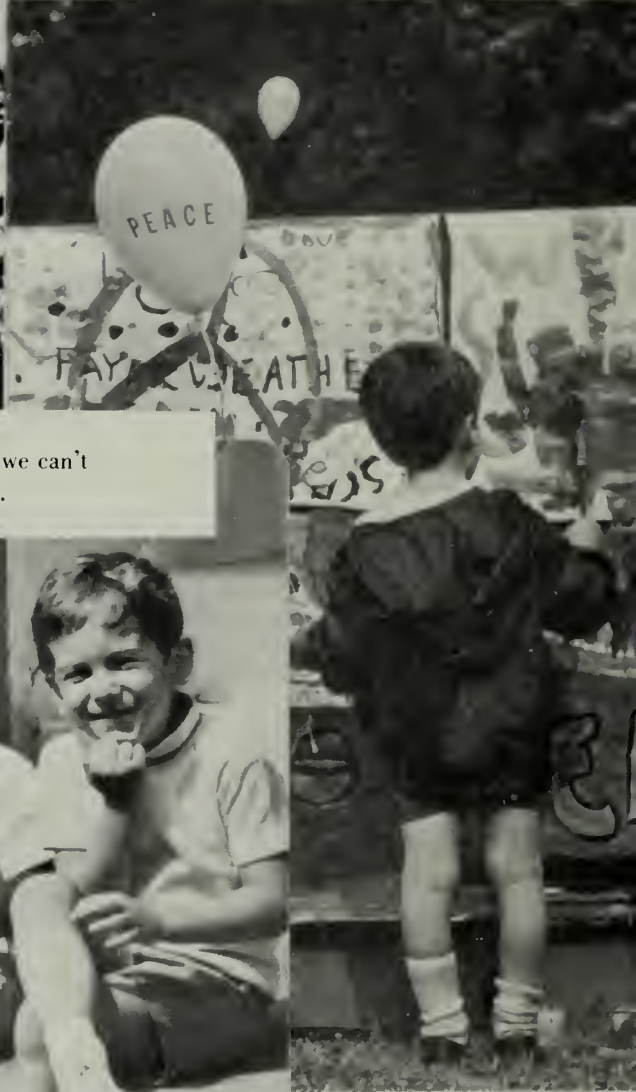

THE BOX
BY KENDREW LASCELLES

DEDICATION

The greatest good we can do for others
is not to share our riches with them.
But to reveal theirs to themselves.

There's nothing we can't
solve together.

True peace is not merely
the absence of tension —
It is the presence of
justice and brotherhood.
Martin Luther King

When all the laughter dies in sorrow
and all the tears have risen to a flood,
When all the wars have found a cause
in human wisdom and in blood,
Do you think — they'll cry in sadness?
Do you think — the eye will blink?
Do you think — they'll curse madness?
Do you think — they'll think?

When all the great galactic systems
sigh to a frozen halt in space,
Do you think — there'll be some remnant
beauty of the human race?
Do you think — there'll be a vestige?
— or a snuffle?
— or a cosmic tear?
Do you think — a greater thinking thing
will give a damn
that man was here?

There was a yesterday —
and there will be
a tomorrow.
Gibran

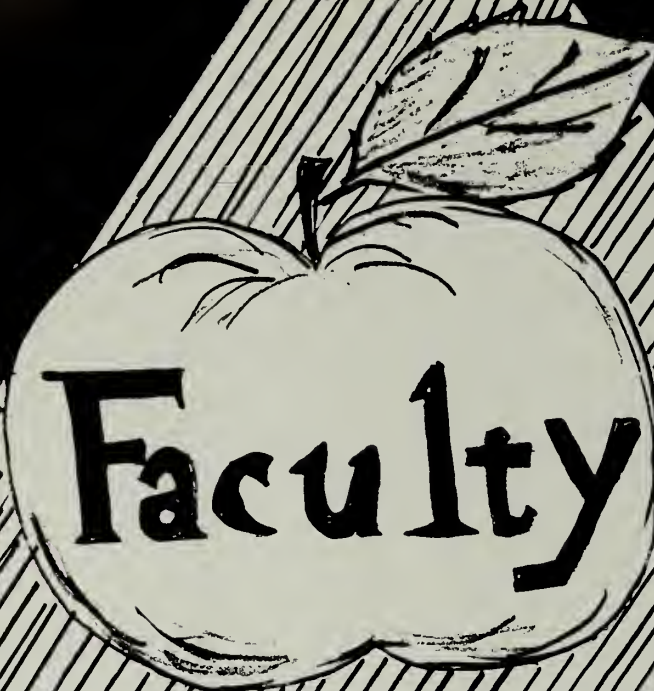

Did you ever stop to think,
how life passes quick as a wink?

I do my thing
And you do your
thing.
I am not in this
world to live
up to your
expectations
And you are not
in this world
to live up to
mine.
You are you
And I am I
And if by chance we
find each other —
It's beautiful.
Frederick S. Perls

TO THE CLASS OF 1971

It is a great pleasure to wish you success and happiness through the medium of this Yearbook. As you pursue its pages it will bring back many memories of your activities and associations here at Winthrop High School. We hope that as years pass these associations will become dearer and more meaningful to you. We also look forward to your continuing to participate in worthwhile activities as you continue your education or move in to the various fields of employment.

I thank you for your cooperation in making my first year as Principal a memorable one.

May God grant that you continue to demonstrate the ability, integrity and tolerance that you have displayed as a member of this school.

TEACHER AIDS

The main objective of the Teacher Orientation seminar program is to give the students interested in the teaching profession an opportunity to work with pupils and to be made aware of the role of the classroom teacher. Utilizing this approach will aid the individual in making a decision as to whether he or she has made a realistic vocational choice.

Students in this program take over any classroom activity that the supervising teacher feels he or she capable of handling. The activities are varied but should include such things as observation, preparing and teaching of lessons, and individual tutoring.

LIBRARY AIDS

The responsibility of the Library Aids is to help Mr. D'Amore in arranging the books in a systematic way.

OFFICE WORKERS

The Office Workers aid in the work of the secretaries. Their responsibilities are to answer phones, convey messages, and carry on other office procedures.

MATH TEAM

The Math Team works to improve skills in areas ranging from arithmetic to trigonometry, with emphasis on speed and accuracy. These students compete with students from other schools in the eastern division of the Greater Boston Mathematics League.

SCIENCE CLUB

The Science Club at Winthrop High School this year has been chiefly interested in acquainting the students with the science-oriented resources of Boston through trips to museums, exhibits, and other schools. Speakers have come to the school from colleges in the area to address the students on various subjects such as laser studies and field theories.

NATIONAL HONOR SOCIETY

The National Honor Society consists of members chosen from the Junior and Senior classes on the basis of proficiency in these areas: scholarship, leadership, citizenship, and character. In order for Juniors to become eligible for consideration for the W.H.S. Pullen Poynte National Honor Society they must have a B or better average in all subjects in June of the previous year and again at the end of the second marking period, in February of the following year.

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. Your High School diploma is all the experience you need. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.
